Dear Ed,

I would like to extend my thanks and appreciation for the time and effort expended by you and your personnel during our visit to the Special Facility yesterday. It was most rewarding to see the outstanding work you are all doing in maintaining the facility in such excellent condition. Both you and all the other personnel whom we encountered on the tour exhibited the highest sense of dedication to your important mission. By virtue of your extensive briefings, I now have a very good understanding of the capabilities which are available in time of need. Again, my sincere appreciation for a job well done.

Sincerely,

Deputy Director  
for  
Administration
